November

Gratitude

Hello Borton Community!

November's character trait is gratitude. Gratitude is choosing to appreciate the people and things in our lives. During this holiday season let us be conscious of the many blessings in our lives. I am grateful to be a part of the Borton community and to teach and learn from your children. May all of you have a joyous and loving Thanksgiving.

This month students played and reviewed the rules for 4 Square, dodgeball, with the new balls purchased by the Borton PTA, and a variety of Flag Tag games. Each game offers students the opportunity to gain skills, confidence and demonstrate being a good sport. We are also continuing to reinforce asking the 3 Questions if someone gets injured and being respectful to one another during instruction and play.

The Hiking Club (4th and 5th graders) season continued as the club hiked the Signal Hill trail in Saguaro National Park West. Next month's hike is scheduled for December 16th, at the Hope Camp trail in Saguaro National Park East. Happy Trails to all!

Happy Thanksgiving,

Mr. Adrian
