

Dear Borton Families,

My name is Madison Loya, and I am very excited to be your child's 5th grade teacher! This is my fifth year at Borton, and before then I taught English abroad in China. I graduated from the University of Arizona. Bear Down! I am even returning to UA this fall for a Master's in Educational Leadership and Policy. I chose education as a career path because I have always loved learning, and I think being with kids all day is fun! When I am not teaching, I enjoy playing soccer, spending time with my friends, eating out, watching movies, and doing house projects. I am looking forward to a great school year!

Sincerely,

Ms. Madison
